

## **51. Student Evaluation of Placement/Section Experience**

**The last section — December 9, 2002**

1. Would you recommend we send students to your placement when the course is next offered? Why? If your answer is yes, what advice would you give a student potentially interning at your placement?

2. How did your placement complement course readings and lectures? Did it resonate with the other work you were doing for this class? Does it matter?

3. Did section address the issues you were confronting at your placement? How could section be made more interesting/relevant to your placement experience?

4. What was your favorite section discussion/exercise? What was your least favorite? Did any of the conversations especially inspire you or make you uncomfortable?

5. Any other thoughts about your placement and/or section?
